EVENT DETAILS

Participants gather in the starting corral 10 minutes prior to their start times, before having the foamiest start you have ever seen! The Starters or Emcee will give you a brief run down of the course and run guidelines, then lead you in a group stretch or dance ;-)

The waves begin at 8am and run every 15 minutes throughout the day; last wave time is usually 3pm, depending on event capacity. Registration closes at 2:30pm, so people who arrive after this are not guaranteed their run.

The wave you pre-selected is the wave time we intend you to go at. However, the sooner you arrive the sooner we'll be able to make sure you are properly registered and able to get you into the foam. This designated wave time is not set in stone, so if there is room in an earlier wave or you choose to go later in an emptier wave, go for it!

COURSE DETAILS

The course is marked with race tape, so stay within the tape and you won't get lost or end up in a place you would rather not be. There are 2 hydration stations and washrooms on course, as well as additional washrooms in the Festival Zone. Foam, mud and water are the main attractions on course, so prepare to get foamy, wet and muddy!

The Foam Machines are cranking out foam ALL DAY, so don't worry about the course being more or less foamy depending on start time. The course transforms as the mud softens and the sun gets overhead. Every experience will be different, so enjoy the challenge we've presented to you.

Can I bring my camera or phone?

Electronics do not mix with foam, water or mud; this will result in most devices getting damaged. We recommend you leave electronics in the car or at home. We won't stop you from bringing electronics, but you do so at your own risk.

What if I am too scared to do an obstacle?

Staff and Volunteers are placed throughout the course. They are ready to leap into action and help you through an obstacle. Or, if you feel you shouldn't do an obstacle for any reason, our staff will help you around it.

Worried about the Foam?

The Foam is air mixed with less than 1% of an environmentally friendly foam solution. Made from natural oils, the foam should not cause irritation. However, we encourage participants to NOT inhale, ingest or rub the foam in your eyes. Best to hose the Foam off yourself once you are done the run.

THE 5k FOAM FEST IS A RAIN OR SHINE EVENT!

Unless we've contacted you to tell you otherwise, assume the event
IS ON REGARDLESS OF WEATHER CONDITIONS.

Weather factors that could cause us to cancel or postpone: lightning, high winds, tornadoes, forest fires, earthquakes, extreme hail or snow.
