PARKING

When you arrive on site, please follow the signs to the designated parking area. Parking is \$15-\$20 per vehicle depending on location, CASH ONLY. Carpooling is encouraged due to limited parking spaces, and it is much better for the environment! 4 people to a car = \$3.75 to \$5 per person.

EVENT DETAILS

Participants gather in the starting corral 10 minutes before their start times, before having the foamiest start you have ever seen! The Starters or Emcee will give you a brief rundown of the course and run guidelines, then lead you in a group stretch or dance! The waves begin at 8 am and run every 15 minutes throughout the day; the last wave time is 1 pm* depending on event location.

The wave you pre-selected is the wave time we intend you to go at. However, the sooner you arrive, the sooner we'll be able to make sure you are correctly registered and able to get into the Foam. This designated wave time is not set in stone, so if there is room in an earlier wave or you choose to go later in an emptier wave, go for it! If you are late for your wave, please do not try and get in the next one as it causes line congestion and is not fair to the runners that have shown up on time. Please ask a registration lead or event crew, and we will let you know what time the next open wave that we can get you in will be. If you ever see a line of people waiting to run, it is because this issue is taking place so please respect the formula of the event, the running schedule and the time. There are lots of things to do at the festival, so there is no need to line up. :)

COURSE DETAILS

The course is marked with race tape and arrow signs, so stay within the tape / between the arrows, and you won't get lost or end up in a place you would not rather be. There are 2-3 hydration stations (depending on weather) and washrooms on the course, as well as additional bathrooms in the Festival Zone. Foam, mud and water are the main attractions on the course, so prepare to get foamy, wet and muddy! The Foam Machines are cranking out Foam ALL DAY, so don't worry about the course being more or less foamy based on start time. The course transforms as the mud softens and the sun gets overhead. Every experience will be different, so enjoy the challenge we've presented to you.

FAQ

CAN I BRING MY CAMERA OR PHONE? Electronics do not mix with Foam, water or mud; this will result in most devices getting damaged. We recommend you leave electronics in the car or at home. We won't stop you from bringing electronics, but you do so at your own risk.

WHAT IF I AM TOO SCARED TO DO AN OBSTACLE? Staff and Volunteers are placed throughout the course. They are ready to leap into action and help you through an obstacle. Or, if you feel you shouldn't do an obstacle for any reason, our staff will help you around it. No obstacle is mandatory. Everything is optional.

WORRIED ABOUT THE FOAM? The Foam is air mixed with less than 1% of environmentally friendly foam solutions. Made from natural oils, the Foam should not irritate. However, we encourage participants NOT to inhale, ingest or rub the Foam in their eyes. Best to host the Foam off yourself once you are done with the run.

THE 5K FOAM FEST IS A RAIN OR SHINE EVENT! Unless we've contacted you to tell you otherwise, assume the event IS ON REGARDLESS OF WEATHER CONDITIONS. Weather factors that could cause us to cancel or postpone: are lightning, high winds, tornadoes, forest fires, earthquakes, extreme hail or snow... And now, apparently, pandemics..?
